

Welcome to Chafer Theological Seminary

We extend a warm and enthusiastic welcome as you consider how best to prepare to serve the Lord. It is Paul trained motivated believers who in turn would teach and train others.

Chafer Theological Seminary (CTS) aspires to follow in this grand tradition. The purpose of seminaries has been to prepare men with the requisite spiritual gifts to be exegetes and expositors of Scripture from the original languages. Why? because they shared the conviction that the Word of God is the adequate and practical answer to all challenges in Hebrew as tools that allow one to delve deeper into the life-changing Word, which alone is able to equip believers *for every good work* (2 Timothy 3:16±17) and sufficient for *all things that pertain to life and godliness* (2 Peter 1:3).

Because CTS embraces this equipping objective, it makes the study of Greek and Hebrew, along with systematic theology, foundational to its program. We offer you an academically challenging biblical education that will enhance your ability to serve the Lord in WRGDYBUOG

We eagerly welcome students drawn to our training program. Before attending classes, it is very important that the prospective student complete the registration and application forms. You may download these materials from our website at <http://chafer.edu/admissions/application.html> and <http://chafer.edu/students/registration.html>.

An overview of our M.B.S. curriculum follows. After that, you will find specific courses that CTS will offer this coming winter 2007 and spring 2008.
